

This Form 99 is being filed to offer additional information regarding the Request for Additional Information dated January 5, 2011 on the Amended October Monthly Report [09/01/10 09/30/2010] received 11/17/10. The RFAI referenced the October Monthly report and the incorrect totals listed on Lines 23 and 29, Column B of the Detailed Summary Page. After researching the filed report, it was discovered that a disbursement to an Independent Expenditure Committee, Commonsense Ten, in the amount of \$75,000.00 was coded and reported as a Non-Federal Disbursement. It has now been correctly coded and reported as a Federal Disbursement. The initial disbursement to the Independent Expenditure Committee was issued in August 2010 thus requiring the September 2010 FEC monthly report to be amended. Subsequent reports requiring Amendments have also been filed to reflect the correction. In addition to the amendment of the September 2010 FEC report, the following reports were also amended: Pre-General, and Post-General. Upon final review, it has been verified that the totals on Lines 23 and 29, Schedule B of the Detailed Summary Pages are correct. Thank you for the opportunity to provide this additional information.
